RE: ACADEMIC MERITS & PROMOTIONS & OTHER SALARY RELATED ACTIONS

2014/15 BUDGET & STAFFING PROCESS
No on-line payroll entries that will affect Staffing should be made from July 1 through July 15. If you are unclear as to whether an entry will affect Staffing, contact Lin Slocum (ext. 2-6680 or linda.slocum@ucr.edu) in Financial Planning and Analysis. The July 15 date may be subject to change and an email notification will be sent if this change is required.

ACADEMIC MERITS, PROMOTIONS AND RETENTIONS
Ladder Rank Faculty merits, promotions and approved retention actions (announcements through June 26, 2015) that have July 1, 2015 effective dates will be prepared and entered into the Payroll/Personnel System (PPS) centrally by the Academic Personnel and the Payroll Office. Your assistance in verifying the accuracy of the updated salaries will be requested on Monday, July 6, 2015 after the merits, promotions and retentions have been centrally processed. A notice will be sent via PPS News to remind departments to provide verification.

NOTE: If you have entered any merits and promotions for Ladder Rank faculty in PPS that have July 1, 2015 effective dates, we ask that you reverse these entries at this time. Premature entries of these actions in PPS will have a negative effect on the staffing process. Departments are responsible for entering the merits and title code changes for Unit 18 faculty (Lecturer and Supervisor of Teacher Education), Librarians and non-senate academic advancement actions. Entries with an effective date of July 1 may be made through June 27th, 2015. Departments should not make entries that may affect Staffing between July 1 through July 15.

ASSISTANT PROFESSORS WITH JUNE 30, 2015 ENDING DATES:
Assistant Professors with June 30, 2015 ending dates must now be extended to June 30, 2017 for approved actions and June 30, 3016 for denied actions. The June 30, 2017 date should be used if a merit or promotion review action is still pending. Both the appointment and distributions lines must be extended in PPS before June 2, 2015 or this will have a negative effect on the staffing process. Assistant Professors who will separate from the University effective June 30, 2015 will not require extensions.
ADDITIONAL COMPENSATION—SUMMER SALARY
Summer salary compensation may be entered into the system now. Summer salary appointments must be added on a new appointment line, carrying with it the appropriate distribution line(s). The total summer salary may not exceed three-ninths for an academic year appointee. Summer session compensation must be included in that total.

Payment of summer salary must be calculated as a percentage of the monthly salary (at the one-ninth rate) with a begin date as of the first day of the month and an end date as the last day of the month. For a list of appropriate title codes and DOS codes as well as further instructions on the processing of summer salary, refer to the Summer Salary Guidelines for Compensation located on the Academic Personnel website under Local Compensation Policy and Guidelines, and the Payroll/Personnel System Guidelines for Summer Salary Compensation located on the Payroll Office web site.

RETIREMENT CONTRIBUTIONS ON SUMMER SALARY
Effective July 1, 2001, an employer and employee contribution to the Defined Contribution Plan Pretax Account based on eligible summer salary was provided per UC policy (APM 190, Appendix G). Summer salary is not ‘Covered Compensation’**. Therefore, it is not included in the calculations of an individual’s HAPC (Highest Average Plan Compensation) for determining a retirement benefit. ** Administrative ninths paid to part-time faculty administrators is “Covered Compensation”.

NIH SALARY CAP
The NIH Salary Cap is a statutory limitation imposed by Congress on an individual’s rate of pay directly chargeable to grants, cooperative agreements and contracts issued by the National Institutes of Health (NIH). Guidelines for the NIH Salary Cap are located on the Academic Personnel web site under Local Compensation Policy and Guidelines:

Recent audits conducted by the Department of Health and Human Services (DHHS) and internally by the University have identified non-compliance with the NIH salary limitation and have resulted in repayments to the federal government. DHHS has indicated that follow-up reviews of this issue are likely in the near future. It is important that departments follow policy set forth in the UCR Guidelines for NIH Salary Cap to properly implement this salary cap.

CAP COMPENSATION
Summer salary previously selected by members of the Committee on Academic Personnel (CAP) for their 2014-2015 service should be entered in the Payroll/Personnel System before July 17. Home departments should have received a copy of the letter to the CAP member in September. If you have any questions please contact Genie Mulari in the Academic Senate office (ext. 2-5537 or genie.mulari@ucr.edu).

LEAVES
Academic leaves for 2015/16AY, including sabbatical leaves, may not be entered or updated in PPS until July 15, 2015.

NOTE: If you have already entered academic leaves effective July 1, 2015 or later, we ask that you reverse these entries at this time. Premature entries will have a negative effect on the staffing process.
