

eFilePlus Release Notes Changes deployed 10/11/18

Changes to Numbering for Publications in the Snapshot

This change addresses an issue with the numbering of publications in the Bibliography.

- For new Snapshots created after this change, the publication numbering in the Snapshot will match the publication numbering in the eFile. This affects Snapshots created after October 12, 2018.
- For Snapshots created prior to October 11, 2018, the publication numbering will not be affected by this change.

Bug Fixes and Miscellaneous Improvements

- Fix for publications entry of URL issue. This addresses an issue with adding a URL (link) to a publication that previously didn't contain a link.
- Fix for Professional Service - Other comments. This addresses an issue where comments weren't being displayed in the More Details window.
