General Guidelines (APM 700)

Academic appointees absent without an approved leave are at considerable risk of non-coverage should an injury occur. Prior approval for leaves of absence is important to remain compliant with Federal and State laws.

In order to fulfill their obligations to the University, the APM states “faculty members must maintain a significant presence on campus, meet classes, keep office hours, hold examinations as scheduled, be accessible to students and staff, be available to interact with University colleagues, and share service responsibilities throughout every quarter or semester of active service” (APM 025-8(a), General Principles, Obligations to the University).

Academic year appointees are expected to be present from the beginning of the Fall Semester (Quarter) through the end of the Spring Semester (Quarter). Fiscal-year appointees who render service throughout the calendar year (12 months) shall apply in advance for leaves of absence.

Academic appointees who are absent from campus for more than seven calendar days must complete and submit a Request for Leave of Absence form (UPAY 573).

Leaves of seven consecutive calendar days or less do not require a leave form with the exception of a medical leave. However, any time there is a leave, the Department Chair must be informed.

2. Presumptive Resignation: [APM 700-30](#)

If any academic appointee is absent from academic duty for 30 calendar days or more without an approved leave, or does not return to academic duty for 30 calendar days or more after an approved leave expires, the University shall presume that the academic appointee has resigned from his or her University appointment and shall separate that appointee (subject to the procedures and timeline set forth in APM 700-30). In such cases, the department chair shall make appropriately diligent efforts to establish the starting date of the unexplained absence.
