# Summary of Major Changes to The CALL

## Acceleration

Page 8

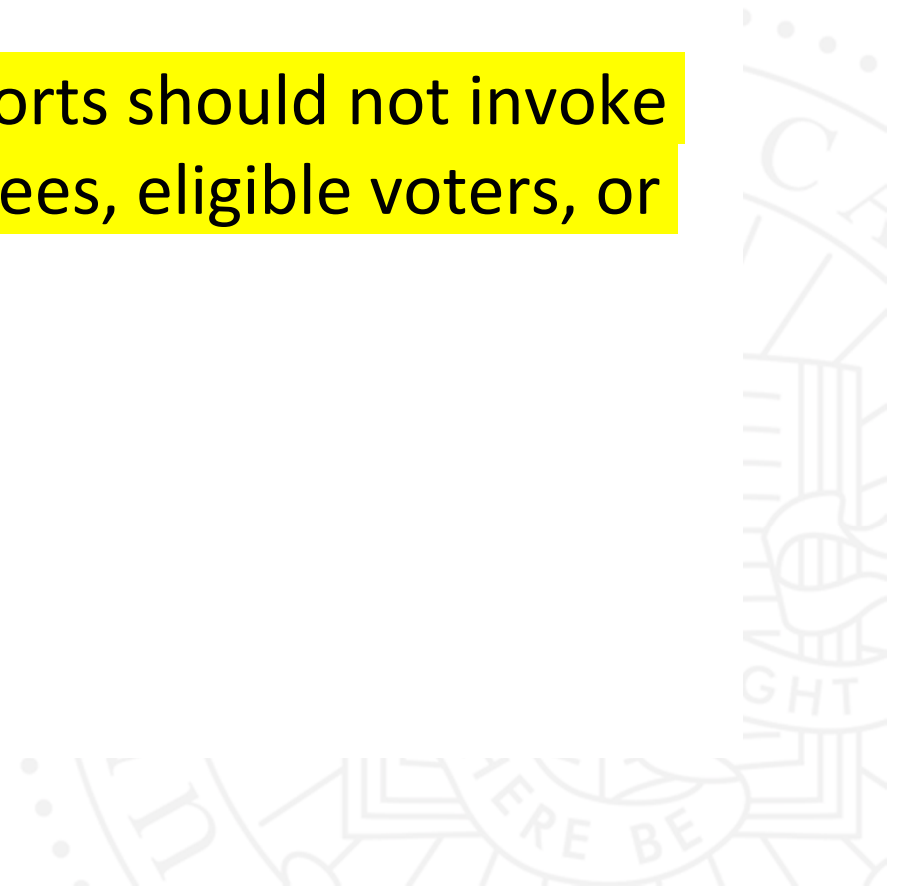

- The minimum criterion for acceleration within rank is **strength** in all areas of review during the abbreviated review period. **Exceptional strength in one area is not sufficient to offset a weakness in another area.**

# Summary of Major Changes to The CALL

## Minority Report

Pages 13 and 36

The discussion in minority reports should not invoke the names of extramural referees, eligible voters, or students.

## Off-Scale (O/S)

Page 22

All O/S granted will be maintained subject to market adjustments to the UC salary scale. All O/S salary granted will be qualified by the statement “this O/S will be maintained as long as satisfactory academic progress is made”.

This policy applies to O/S awarded for new appointments effective July 1, 2010 and onwards and new/additional O/S awarded for merit/promotion/retention actions effective July 1, 2010 and onwards.

The complete policy is available on the APO website at:

## Bibliography - Categories

Page 26 (eFile also modified)

Items are considered technical/scholarly when they are directed to other experts in the field.

Items are considered semi-technical/scholarly when they are directed to non-experts. Such articles should be listed in a separate category.

## Difference List

Page 34 (eFile also modified)

For each co-authored item on the Difference List (excluding abstracts or reports), candidates should indicate whether they are the **corresponding author**, explain their role (a maximum of 3-4 sentences) and provide information about the collaborators (e.g., graduate student, post doc or technician; rank and institution of collaborator).

For items co-authored with other senior investigators at either UCR or another institution, the candidate should indicate either their or their research group's percent effort, whichever is more appropriate.

## Grant Activity and Attachment F

Page 36 and 73 (eFile also modified)

Revise checklist to include **number of PIs, names of PI, UCR amount and candidate grant amount for multi-investigator grants**.

For **candidate grant amount**, this field can be a numeric value or N/A. If N/A is selected, include an explanation as to why it is not appropriate to enter an amount. For example, institutional grants which would include grants received to purchase major equipment will not have dollar value and should have N/A. For an equipment purchase grant, the money doesn't come to the investigators - all of it goes to buy the equipment. In this case the UCR Amount will be N/A and the explanation would state: "Not Applicable, equipment grant."
