[Address 2]

Dear Dr. [Last Name]:

Acting under authority delegated by the Regents, the President of the University of California and the Chancellor, I am pleased to approve your appointment as [Rank, Step, O/S] in the [Department/s of], within the [College/s of], effective [Start Date]. Your visit to the campus generated a lot of excitement. We are extremely enthusiastic about the talent and perspective you will bring to UCR.

Your total salary will be [\$XXX,XXX] (fulltime, academic [9/12] or fiscal [11/12] year basis with base and off-scale indicated), subject to deductions required by applicable laws and regulations. The off-scale portion of your salary will be maintained as long as satisfactory academic progress is made. Additionally, the off-scale will be maintained subject to market adjustments to the UC salary scale. Although rarely exercised, you should be formally notified that the President of the University and the Chancellor have the authority to change the balance between base and off-scale when there is a system wide market adjustment to the scale. For more information on UCR's off-scale policy see the attached document, Policy on Off-Scale Salaries for Appointees and Merit/Promotion/Retention Actions dated January 19, 2016 (<http://academicpersonnel.ucr.edu/compensation/OffScalePolicy.pdf>).

[For 9/12 (academic year) appointments, add language:]

Your academic year appointment (9/12) provides that your pay for nine months of service is distributed over twelve months. For a more detailed explanation, please refer to APM 600, Salary Administration and the attached Vice Provost for Academic Personnel memorandum "Service Periods vs. Pay Periods" <http://academicpersonnel.ucr.edu/compensation/ServicePeriodvsPayPeriod.pdf>

[For Assistant Professors add language in bold:]

Initial appointment and reappointment of Assistant Professors are officially made for a maximum term of two years each. Tenure track appointments, however, are normally renewed until the mandatory review for tenure, which must occur during the seventh year of service. Administrative decisions regarding reappointment and/or promotion to tenure will depend upon evaluations and recommendations from the department, the Dean and faculty review committees, and may be affected by fiscal and programmatic considerations. Further regulations pertinent to your appointment and advancement are available through your department chairperson.

[For Acting Assistant Professors add language in bold:]

Your Acting appointment begins <Start Date> and ends [End Date (one year per APM 235-17)] unless you have received the Ph.D degree prior to that time. Once all requirements for the Ph.D. have been fulfilled and proof of completion provided, you will be appointed to regular rank and the "acting" prefix will be removed. It is important that you be aware that the Acting portion of your appointment counts towards time in rank for the probationary period.

I should also point out that the annual appointment as Acting Assistant Professor is self-terminating. This does not in any way limit the department in recommending reappointment, but such a recommendation would be considered a new appointment and would depend upon positive recommendations from the department, faculty review committees and the Dean, and continued availability of funds. The total period of service as Acting Assistant Professor is limited to two years.

[For appointees hired in a college/school with a concurrent program, or two or more departments, add language below –language may vary by circumstance. Language in **bold** must be included.]
