UCR Librarians' Review Process

(revised September 2022)

Note: this is an overview and does not represent all the details of the process.

I. INTRODUCTION

A. BACKGROUND/HISTORY

1. Librarians' status in the University of California changed from that of staff employees to non-Senate academic employees in the 1960's. Until 1970/1971 their initial appointments and subsequent performance reviews continued to be carried out through a hierarchical, administrative process. That year, a process which incorporated a peer review component into the evaluation of proposed appointments and performance reviews was introduced for the Librarian Series. This process was described in chapters introduced for the first time into the University's Academic Personnel Manual ([APM](#)). The Librarians' Association of the University of California (LAUC) played an instrumental role in drafting those University wide policies, as well as the related procedural documents on each campus, and has remained actively involved in the revisions and updates of those documents.
2. A key principle inherent in the peer review component of this process is the concept that appointees in the Librarian Series participate in, and share responsibility for, evaluation of the qualifications of proposed new appointees to the Series and for their subsequent professional performance. The Librarian Series is the only non-Senate academic series in the University that uses a peer review component in the evaluation of proposed appointments and professional performance.

B. PURPOSE

1. These guidelines are designed to provide detailed procedures for conducting appointment and performance reviews of UC Riverside Librarians.
2. Objective and thorough reviews of the qualifications of Candidates for appointment, merit increase, promotion, and career status are conducted at specific intervals. The review process, in addition to its value as a means of commending demonstrated individual growth and sustained excellence, serves to ensure the high quality of library service provided to the UC Riverside community by those in the Librarian Series.

C. AUTHORITY/CRITERIA

1. The review procedures for Librarians are governed by two documents: the *University of California and University Council-American Federation of Teachers Memorandum of Understanding* (hereafter referred to as [MOU](#)) for represented librarians and the University of California [Academic Personnel Manual \(APM\)](#) for non-represented librarians. Specifically, these procedures are consistent with the provisions of [MOU](#) Articles 4, 5 and 13, and [APM](#) Sections [140](#), [210-4](#), and [360](#).
2. In accordance with an option provided for in [APM](#) Sections [360-6](#) and [360-24](#), the Vice Provost for Academic Personnel (VPAP) at UC Riverside has delegated to the University Librarian (UL) responsibility for final personnel actions for incumbents in the Librarian Series, except in those instances outlined in section 4 below.

3. As stated in [APM 360-6](#) or [MOU](#) Article 5.A, as appropriate, it is the function of the review committees to advise the officer who makes the final decisions. At UC Riverside, review committees are advisory to the UL. (There is variation among the UC campuses in the Chancellors' practices of delegating authority for approving actions affecting the Librarian Series.)
4. When there is significant difference between the Committee on Appointment, Promotion and Advancement-Librarians (CAPA-L) and the UL on cases of career status, promotion, or termination, then the review file will go to the VPAP for review. For example, If the CAPA-L recommendation was positive and the UL's decision was negative, this constitutes a significant difference, and the review file will go to the VPAP for review. However, in cases of merit reviews, the UL's decision as to whether a Candidate receives standard vs. greater than standard merit and the number of points does not constitute a significant difference, and the review file will not go to the VPAP for review, even if CAPA-L recommends a higher/lower number of points than does the UL.

D. STAGES OF THE REVIEW

Each appointment or performance review is conducted in three stages:

1. Department level review, including the Review Initiator's review and recommendation for personnel action as well as the comments of the relevant Department Head, as appropriate, and Assistant/Associate University Librarian (AUL).
2. Peer review by CAPA-L and, as needed, an Ad Hoc Committee;
3. Administrative review, including the UL's review and final decision for action, except in cases described in I.C.4.

II. BASIC PRINCIPLES

A. OBJECTIVITY

1. The review shall be based on an objective appraisal of the documentation in relation to the criteria stated in the [APM](#) or [MOU](#), as appropriate. The documentation shall be in sufficient detail to make an objective appraisal possible. All decisions and recommendations shall be based solely upon materials within the review file. The file shall not include documents that are not pertinent to the evaluation of professional performance (e.g. financial records, court records, medical records, records of political activity, or other personal information).

B. CONFIDENTIALITY

1. Files are not to be discussed or shared with individuals who are not part of the Candidate's review process as outlined in this document.

2. It is the responsibility of all involved in the peer review process to scrupulously respect the confidentiality of their deliberations and the records and documents they examine. All personnel records, reports, and documents relating to a Candidate's case shall be kept in LHR when not in use by an authorized reviewer. All physical documents in transit shall be in sealed envelopes marked "Confidential"; all documents sent electronically shall be labeled as "Confidential" in their subject lines, if email, or across the top of the electronic document in all other cases.

C. TIMELINESS

1. It is the responsibility of all involved to ensure that assignments are performed with the greatest possible care and promptness. Adherence to the calendar is in the best interest of all participants. When exceptions to the calendar are necessary in particular files, the agreed upon timeline shall be communicated to all parties involved in the review process.
2. The final decision for reviews should be communicated to all Candidates at the same time, whenever practicable.
3. In advance of established deadlines, extensions may be granted by LHR (or the Review Initiator when the file is still at the Department-level review) at the request of any party.

D. PROFESSIONAL RESPONSIBILITY

1. It is a professional responsibility for each Librarian at UC Riverside to serve on Ad Hoc Committees when requested to do so. Some Librarians may serve on several such committees each year. Librarians may disqualify themselves, but only if they question their ability to make an objective judgment in a particular case.

E. NONDISCRIMINATION

1. The review process shall be applied equally to all Librarians at UC Riverside within the limits imposed by law or University regulations without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veteran status, or any other characteristic protected by law and/or listed, as appropriate, in MOU Article 2.

F. TRANSPARENCY

1. At every stage of the review process, Candidates will have access and the opportunity to respond to all material in their files that is not confidential and to redacted versions of confidential materials, subject to the procedures outlined in "The CALL."

C. TYPES OF ACTIONS

1. POTENTIAL CAREER STATUS

([APM](#) 360-17 and 360-20.b or [MOU](#) Article 4.D.5), as appropriate

- a. Potential Career Status refers to a trial period for new appointees. An appointee whose appointment is not explicitly temporary, and who is at the rank of Assistant Librarian or a new appointee at any rank is in Potential Career Status for a trial period. If, after careful and thorough review, the appointee is not placed in Career Status within the time limit specified for that rank, the appointment is terminated after due notice, as defined by [APM](#) 360-20.b.

2. CAREER STATUS

([APM](#) 360-8.e or [MOU](#) Article 4.E.(a).a, as appropriate)

- a. Career Status is a continuing appointment, achieved only after successful completion of a suitable trial period in Potential Career Status.

- b. An appointee who has achieved Career Status at another UC campus and is transferring from another UC campus retains Career Status.
- c. Must be requested with promotion if at the Assistant Librarian rank. Career status can not be requested as a stand alone action at the Assistant Librarian rank, only at the Associate and Librarian ranks.

3. MERIT INCREASE

([APM](#) 360-8.d and 210-4.d and [MOU](#) Articles 4.E.(a).b and 13.C)

- a. A merit increase follows a positive review. A positive review shall result in an increase of at least two (2) salary points on the applicable scale for the Assistant and Associate Librarian ranks, and at least three (3) salary points on the applicable scale at the Librarian rank.
- b. An increase of fewer salary points than the minimum may be awarded in cases where fewer points remain on the scale of the Candidate's respective rank.
- c. The UL is not precluded from granting merit increases of a greater number of points for any justifiable reason. Review Initiators may recommend a greater number of salary points if they feel that the Candidate's review file reflects evidence of unusual achievement (See Appendix VII for a more detailed description and guidelines).

4. PROMOTION

([APM](#) 360-8.c or [MOU](#) Articles 4.E.(a).c and 13, as appropriate)

- a. A promotion is advancement to the next highest rank within the Librarian Series. Candidates may request a promotional review once they have achieved a salary in a rank that overlaps with the next rank. Candidates with six years of service at the Assistant Librarian rank are eligible for a promotional review even if they have not achieved a salary that overlaps with the Associate Librarian rank.
- b. If a promotional review is requested, a positive review will result in promotion to the next rank. Upon promotion, the Candidate will receive an increase of at least two (2) salary points above their previous salary amount if being promoted to the Associate Librarian rank, and at least three (3) salary points above their previous salary amount if being promoted to the Librarian rank.

5. NO ACTION

([MOU](#) Articles 4.E.(a).d, 4.D.5.g and 13.D, and [APM](#) 360-17.b (7), and [UCR Performance Management, Corrective Action, and Dismissal Policy and Procedures \(Non-Senate Academic Titles\) document](#))

- a. A no action is one of the following:
 - 1. A neutral, non-prejudicial action for those at the top salary point of the Associate or Librarian rank.

2. An action intended to address performance issues and the actions required to improve that performance for those at any salary point.

i. If a no action is given for this reason, the appointee will be provided with a written performance improvement plan to address the perceived deficiency.

b. In exceptional circumstances, a librarian who receives a no-action may be awarded a one (1) point salary advancement at the Assistant and Associate Librarian ranks and a one (1) or a two (2) point advancement at the Librarian rank.

6. TERMINATION

([MOU](#) Article 4.E.(a).e and [UCR Performance Management, Corrective Action, and Dismissal Policy and Procedures \(Non-Senate Academic Titles\) document](#))

a. Termination ends the employment of a librarian.

D. CRITERIA FOR REVIEW

([APM](#) 360-10 and 210-4-e or [MOU](#) Articles 4.B and 4.C, as appropriate)

A Candidate shall be evaluated on the basis of the criteria listed below. In considering a Candidate, reasonable flexibility is to be exercised in weighing the comparative relevance of the criteria.

1. REVIEW OF PROFESSIONAL PERFORMANCE

a. Professional Competence and Service within the Library

1. Encompasses achievement and service in areas of primary responsibilities as well as other contributions to the Library such as committee work and special assignments. Include here mention of substantive documents, such as reports and manuals, prepared for internal use. Library instruction goes here, including teaching and preparation of instructional materials. Also include here participation in UC-wide committees on which membership is required as part of the Candidate's responsibilities, such as collection development groups. Include management and supervisory responsibilities as relevant to the position.

b. Professional Activity outside the Library

1. Includes service and contributions to professional and scholarly associations, e.g. committee work, program participation as panelist or discussion leader, offices held, consulting work, and editorial activity outside of primary responsibilities.

c. University and Library Related Public Service

1. Includes teaching courses for credit through an academic department, if hired as an adjunct; service and contributions to LAUC, both locally and statewide; service and contributions outside the scope of the primary job responsibilities to UC Riverside-wide or UC-wide committees, working groups, etc. (including special contributions, such as chairing or undertaking special projects, that exceed the required participation in such groups mandated by the Candidate's primary responsibilities). Also includes professional service as a consultant, speaker, or expert witness to public service-oriented groups, officials or associations.

d. Research and Other Creative Work

1. Includes research completed or portions thereof completed during the review period, research in progress and/or continuing projects. Grants and/or fellowships awarded to support such activities should be reported and the resulting publications cited. Documents prepared for internal use or for library instruction should be included under Section 1.a (Professional Competence and Service within the Library).

2. PROFESSIONAL GROWTH AND CONTINUING PROFESSIONAL EDUCATION

- a. Includes attendance at conferences, workshops, institutes, and formal courses.

3. OTHER FACTORS RELATED TO PERFORMANCE OR ACCOMPLISHMENTS

- a. Includes additional factors that may help Reviewers form an objective appraisal of the Candidate's performance, or a summary of factors important in weighing the evidence in the file. Examples include mainly medical issues (someone out for 6 months for a medical issue, maternity/paternity leave) or other extended leaves; during reorganization, one could note continuing some parts of their previous positions in addition to new positions; sometimes used to justify an off-cycle or greater than standard review. Reference to a medical leave or other extended leave must not contain detailed discussion of the reasons for a leave of absence, in instances where this may constitute a potential breach of confidentiality.

E. THE REVIEW PERIOD

1. RESTRICTIONS

- a. The review file shall consider activities and documentation that relate to the period under review only (see Section III.B Types of Reviews, above). Reference to earlier events or projects, previous reviews, or future events or projects, should not be made unless clearly essential to the current review. The UCR review periods are based on a calendar year and not a fiscal year.

- b. In cases of promotion or career status, discussion of the Candidate's entire relevant professional career history is required. It is the responsibility of both the Candidate and the Review Initiator to work together to present a thorough picture of the entire career history in the review file. The Career Summary shall be used to present the career history.
- c. In the case of new appointees undergoing their first review, the documentation relevant to Criteria for Review should cover the same time period as that of other Librarians at their level. Candidates should also include evidence from Criteria sections b through d as appropriate.

2. RESPONSIBILITY

- a. When a Review Initiator has responsibility for a department for only a portion of a review period, the Review Initiator, with input from former Review Initiators, will be asked to write a review discussing performance since the last review in all of the areas noted above for those Candidates supervised on the date at which the review file is due to LHR. When any of the former Review Initiator(s) are still employed by the University of California, Riverside, these former Review Initiator(s) will provide a secondary evaluation and have a discussion about the secondary evaluation with each Candidate supervised; when the former Review Initiator(s) are no longer employed by the University of California, Riverside the Candidate, the Review Initiator, the AUL and the UL may request a letter from the former Review Initiator(s) as a Referee.
- b. The Review Initiator supervising the Candidate on the date at which the review file is due to LHR shall write the recommendation for personnel action. In cases in which the Candidate has changed departments during the review period, and the recommending Review Initiator has not been the supervisor during the majority of the review period, the recommending Review Initiator will prepare the recommendation in consultation with the prior Review Initiator(s). If there is any disagreement among these Review Initiators regarding the recommendation, that disagreement will be noted in the current Review Initiator's review.

IV. REVIEW PROCEDURES: MERIT INCREASE, PROMOTION, AND CAREER STATUS

A. ADVANCE PREPARATION FOR ACADEMIC REVIEWS

([APM](#) 360-17-c, d, 360-80-a, d or [MOU](#) Article 5.B and 5.C as appropriate)

- a. At the beginning of the review process, LHR will notify all Librarians, in writing of their eligibility for review.

- b. Eligibility is determined according to the intervals for academic reviews stated in [APM](#) 360-80-a or [MOU](#) 5.B, as appropriate; the policy for calculating periods of service is found in [APM](#) 360-17-d.

1. DISTRIBUTION OF PACKETS, INSTRUCTIONS AND CALENDAR

- a. All Candidates for review and their Review Initiator will receive from LHR a complete review packet, including this document or a link to this document and a link to the forms required to complete the review no later than 30 calendar days prior to the final Initial Review Consultation date following the issuance of the CALL. [See Appendix I for lists of the forms and documentation included in the review file.]

2. CALENDAR

- a. All parties shall adhere to the University-established calendar in the CALL. If necessary, in individual cases, provisions for reasonable extensions shall be developed in consultation with LHR and all parties involved shall be notified (I.C.).

C. REVIEW INITIATOR LEVEL REVIEW PROCEDURES

The Candidate shall be given the opportunity to ask questions and to supply pertinent information and evidence to be used in the review.

2. CHECKLIST A

- a. Checklist A (Appendix I) shall be initialed and dated by the Candidate and the Review Initiator as a way to certify that the necessary steps of the review process have been fulfilled. This may be done as the steps are completed, or all at once by the Review Initiator following the AUL's participation and prior to submitting the completed file to LHR.

3. REVIEW FILE DOCUMENTS

([MOU](#) Article 5.H, as appropriate)

- a. ACADEMIC REVIEW ACTION SUMMARY FORM
- b. CANDIDATE'S CAREER SUMMARY

1. The Candidate shall submit a Career Summary if they are asking for Career Status or Promotion.

c. LETTERS OF EVALUATION REQUEST FORM

1. The Candidate shall submit to the Review Initiator a list of names of persons from whom letters of evaluation and/or secondary evaluations might be solicited. The Candidate may also list names of persons who, for reasons set forth in writing, might not objectively evaluate, in a letter or on an Ad Hoc Committee, the Candidate's qualifications or performance.
2. See Section IV.C.3.f. (Letters of Evaluation) below for further instructions and guidance regarding letters of evaluation.
3. The list should be provided according to the review calendar allowing sufficient time for the letters to be completed and received by the required date.

d. CANDIDATE'S STATEMENT OF PRIMARY RESPONSIBILITIES (SOPR)

1. All SOPRs effective during the review period shall be submitted for each review.
2. A SOPR consists of a concise descriptive statement outlining present responsibilities. Such descriptive detail would not typically be repeated in the Candidate's self-evaluation, which is an evaluative appraisal rather than a descriptive statement.
3. The Candidate's existing SOPR shall be discussed at the initial review meeting.
 - a. If no significant changes are necessary, the Candidate and the Review Initiator should sign and date it and add it to the Review File.
 - b. If minor changes are necessary, the Candidate and the Review Initiator can edit the existing document, and when the SOPR has been agreed upon, the Candidate and the Review Initiator should sign and date it and add it to the Review File.
 - c. If significant changes are necessary, a new SOPR shall be prepared, and when the new SOPR has been agreed upon, the Candidate and the Review Initiator should sign and date it and add it to the Review File.

1. A brief, concise self-review/SOPA of “pertinent information and evidence” shall be prepared, consisting of vita-style enumeration of accomplishments keyed to the criteria outlined in Section III.D above, followed by a narrative discussion of no more than three of the most significant items within criteria a and no more than three of the most significant items within criteria b-d.

 2. The Candidate shall submit to their Review Initiator a Letters of Evaluation Request Form. On this form they may specify desired referees, or “Not Applicable.” They may also specify names of persons who, for reasons set forth by the Candidate, might not objectively evaluate the Candidate's qualifications and performance.
 3. The Review Initiator shall submit to LHR the names of persons from whom to request Letters of Evaluation. For each Letter of Evaluation to be solicited, the Referee shall be asked to address specific aspects of the Candidate's performance with which they are familiar.
 4. If Letters of Evaluation are solicited, according to the situations specified above, a reasonable number of solicited letters should be from the list of names supplied by the Candidate. Both the Candidate's list and the final list shall become part of the review file.
 5. If the Candidate requests greater than standard merit, an appropriate set of letters will be solicited, regardless of the action recommendations of the Review Initiator.
 6. The Review Initiator should use extreme caution when deciding to solicit letters from persons the Candidate specified might not objectively evaluate the Candidate's qualifications and performance. If such named reviewer is used, the Review Initiator should explain the reasons for consulting the named individual so that the file will show not only the Candidate's reasons for the exclusion, but also the reason for the Review Initiator's decision to seek input from the named person.
 7. Letters of Evaluation may be requested from colleagues, faculty, library or other University staff, or library users who are familiar with the Candidate's performance.

8. When the Letters of Evaluation have been received by LHR, copies shall be sent to the Review Initiator for inclusion in the review file. Redacted copies will be made and sent to the Candidate upon receipt.
9. The Review Initiator and the Candidate shall be informed by LHR of the names of persons from whom Letters of Evaluation have not been received within a reasonable period of time. The candidate will then be provided the opportunity to submit up to three more names for consideration. The RI initiator will then submit an additional, Review Initiator requests for Letters of Evaluation, form for LHR to contact.
10. The Review Initiator shall ensure to the best of their ability that the Candidate will not know the name of any person from whom a letter has been requested.
11. Subject to conflict of interest considerations such as a romantic, family or financial relationship, candidates have the option of requesting informal letters from any colleagues they feel can speak to the significance of their achievements. If these are passed to the Review Initiator, they are always included in the file.

- 4. REVIEW INITIATOR'S EVALUATION

- a. It is the responsibility of the Review Initiator to thoroughly evaluate the work of the Candidate in relation to the criteria set forth in [APM](#) 360-10 and 210-4-e (3) or [MOU](#) Articles 4.C and 5.H as detailed in section III.D and Appendix VII, and the Review Initiator must make an appropriate and relevant recommendation for career status, merit increase, promotion, no action, or termination. Off-cycle and deferred reviews should be clearly identified as such.
 1. The Review Initiator shall thoroughly evaluate the Candidate's professional service to the Library, concentrating on performance in each major area of responsibility. The Review Initiator shall evaluate the quality and quantity of the Candidate's work and acknowledge the Candidate's activities as reviewed by a Secondary Evaluator, as appropriate. Comments on the value of the Candidate's work to the department and the Library should be included. Specific aspects of the Candidate's work that are carried out exceptionally well or that need improvement should be commented upon. Mention should be made of activities that have contributed to the Candidate's professional growth. In the case of new appointees undergoing their first review, the documentation relevant to criteria III.D 1.b-d and Appendix VII should cover the same time period as that of other Librarians at their level. In evaluating the Candidate's performance, the Review Initiator shall consider the Candidate's consistency of performance, grasp of library methods, command of subject area, continued growth in field, judgment, leadership—if appropriate, originality, ability to work effectively with others, including contributing to and working effectively in shared decision-making processes, and ability to relate functions to the general goals of the Library within the

University. If the Candidate supervises the work of other library staff, the Review Initiator should comment on the quality and effectiveness of the supervision provided.

2. If there is reason to doubt that the appointee is performing satisfactorily, the Review Initiator will provide adequate evidence of the failure to perform, including documenting opportunities provided to the Candidate to improve their performance during the review period, as well as any resources and support provided.

b. Evidence of effective service may include the opinions expressed in the Letters of Evaluation, the effectiveness of the techniques applied, or procedures developed by the Candidate, and relevant additional educational achievement.

c. Reviews should be brief and concise. In preparing the documentation for the evaluation, the Review Initiator should follow the numbering and headings given in section III.D above. Section 1.a must be discussed. Sections 1.b-d shall be discussed to the extent applicable.

▪ 5. SECONDARY EVALUATIONS

a. If appropriate, the Review Initiator shall request from a Secondary Evaluator an evaluation of the Candidate's performance of the function(s) for which the Secondary Evaluator is responsible during the review period.

b. When a Candidate has an official assignment split among two or more departments an evaluation is required from each Secondary Evaluator.

c. Secondary evaluations are optional in all cases in which a Candidate has a single official reporting line. Optional secondary evaluations are suggested only in instances in which the Candidate's Review Initiator does not have sufficient knowledge of the Candidate's performance in a specific area of responsibilities, or if some aspect of job performance will not be evaluated sufficiently elsewhere in the review file. An optional secondary evaluation may be requested by the Candidate, the Secondary Evaluator, or the Review Initiator.

d. If an evaluation is requested of a Secondary Evaluator, the Evaluator is obligated to fulfill the request in a timely manner in compliance with the university timeline for the CALL for Librarian Series.

e. The procurement of a secondary evaluation will be the responsibility of the Review Initiator. Secondary evaluations will be brief letters which will be included in the review file.

f. The secondary evaluation(s) shall be shown to and discussed with the Candidate, signed and dated by the Candidate and the authoring Secondary Evaluator. Originals are sent to LHR for copies to be sent to the Review Initiator. The Candidate's signature does not constitute nor

should be construed as agreement with secondary evaluator's assessment, only that the assessment was shared with the Candidate.

▪ 6. RECOMMENDATION OF PERSONNEL ACTION

- a. The Review Initiator shall prepare a recommendation for personnel action for the Candidate, indicating the recommended review action for every action under consideration, including merit increase, promotion, career status, no action, or termination, as relevant. The file is then returned to the Review Initiator for completion of Checklist A (Appendix I) after which the Review Initiator will submit the file to LHR for peer review.

- b. Using the criteria provided in the [APM](#) (Sections 210-4-e and Section 360-10) or [MOU](#) Article 4.C as appropriate, the UL shall review the documentation in each file.
- c. If the academic review file is found to be incomplete or inadequate, additional information may be requested through LHR. Such additional information shall be added to the review file after the Candidate has been given copies of any non-confidential material or a redacted copy of any confidential material added to the review file. The Candidate and the Candidate's Review Initiator shall be provided an opportunity to submit a written statement in response to the additions to the review file. CAPA-L and/or the Ad Hoc Committee shall be provided the opportunity to review and provide comments based on the additional information. Checklist B (Appendix II) will be annotated to verify that these steps have been completed. The UL's review shall then be based upon the academic review file as augmented.
- d. The UL may consult with the AULs who have not previously participated in review of the file or contributed to the file in any way.
- e. AULs shall recuse themselves from reviewing any file when:
 1. They have contributed documentation as the Review Initiator during the current review period;
 2. They question their ability to make an objective judgment in any particular case.
- f. The UL shall make a preliminary decision after weighing each recommended action in relation to all others.
- g. If there is no significant disagreement between administrative and CAPA-L and/or Ad Hoc Committees' conclusions, including any disagreements related to career status, promotion, and/or termination, the UL will prepare the final letter to the Candidate and proceed to the notification of the final decision.
- h. In the event that any tentative decision of the UL in cases of career status, promotion, and/or termination is not in agreement with positive recommendation(s) of CAPA-L and/or the Ad Hoc Committee, the UL shall notify the committee(s) with respect to the assessment, and shall prepare a letter to the Candidate in its unsigned form for transmittal to CAPA-L and /or the Ad Hoc Committee for review and comment.

1. The UL shall place this letter, and any documentation created by the review committee(s) in this process, in the review file and shall ask for any further information from CAPA-L and/or the Ad Hoc Committee that might suggest a different decision.
2. Upon review of said further information, if there is a change in the UL's decision, the process will return to step g above.
3. If the UL's preliminary assessment is to terminate appointment or not to confer career status, the candidate shall be notified of the opportunity to request access to records in the academic review file, including the redacted CAPA-L and Ad Hoc Committee reports, and the UL's preliminary assessment letter. The Candidate and Review Initiator shall then have the opportunity to respond (separately) in writing and to provide additional information and documentation within ten (10) business days. ([MOU, Articles 5N and 6, as appropriate](#)).
4. If there is no change in the UL's decision upon review of any additional information and documentation, the UL shall submit the review file as augmented with the CAPA-L and the Ad Hoc committee reports and the UL's preliminary assessment to the VPAP for evaluation and decision.
5. The VPAP shall review the complete file as augmented, including the UL's preliminary assessment and the CAPA-L and Ad Hoc Committee report(s) and any further information that CAPA-L, the Ad Hoc Committee, Review Initiator, Candidate and/or any other individual(s) involved in the review process have provided in response to the UL's preliminary assessment. The VPAP may request additional information or clarification in regard to materials provided before rendering a decision.
6. The VPAP shall then notify LHR and the UL in writing of the final decision.
7. The UL will prepare the final letter to the Candidate incorporating the VPAP's decision, and proceed to the notification of the final decision.

F. NOTIFICATION OF FINAL DECISION ([MOU](#) Article 5.P as appropriate)

1. CANDIDATE IS NOTIFIED OF DECISION

- a. When the personnel action has been decided by the UL or VPAP, where applicable, the UL's signed letter, which contains the final decision and the reasons for that decision, shall be sent to the Candidate. At a minimum, the letter shall inform the Candidate of the personnel action received, the new salary, and the number of salary points awarded. The

letter shall summarize the consensus of those who participated in the review.

- b. The CAPA-L and Ad Hoc Committee report(s), as applicable, with the names of committee members redacted, shall also be included with the UL's letter to the Candidate.
- c. A copy of the UL's final letter shall be submitted to the Candidate's Review Initiator.
- d. LHR shall place a copy of the UL's final letter and the VPAP's written decision as communicated to the UL in the Candidate's file and shall notify relevant members of the CAPA-L or Ad Hoc Committees involved in the review that these documents are available for review, by appointment with LHR.

G. APPEALS ([APM](#) 140, MOU Articles 5.Q and 24, 25, or 26, as appropriate)

1. An Arbitrator shall have the authority to determine whether the University has violated a procedure set forth herein. However, in any grievance alleging a violation of Article 5.Q, the arbitrator shall not have the authority to review any decision to:
 - Initiate an academic review
 - Award or deny a merit increase
 - Award or deny a promotion
 - Award or withhold career status
 - Terminate a librarian following academic review.

H. FILE COMPLETION

1. The original file is retained by LHR in the confidential portion of each Librarian's personnel file.
2. Once a final decision has been made on completed files, LHR will coordinate with Library Planning and Budget to initiate processing for payroll according to instructions received from the appropriate campus offices.

G. INTERNAL CANDIDATES

H. RECOMMENDATION FOR APPOINTMENT

1. NOMINATING TOP CANDIDATE

2. CAPA-L shall submit the recommendation report to LHR.

2. Once CAPA-L's report is received, LHR shall complete the appointment file by adding CAPA-L's report and reviewing the file to make sure the Recommending Officer's recommendation, recommended appointment level and salary, reference letters, comments, application packet, etc., are included for the UL's review.
3. The UL shall notify the AUL and/or Recommending Officer, LHR, and CAPA-L if the appointment is approved.

APPENDIX VI—UC POLICY ON ACCESS TO ACADEMIC PERSONNEL RECORDS

- a. The following University of California, Riverside governing documents include some information regarding access to academic personnel records:
 - 1) MOU Article 6: Personnel Files
 - 2) MOU Article 5.G, J-N: Personnel Review Action Procedure
 - 3) [APM 160-20](#): Academic Personnel Records/Maintenance of, Access to, and Opportunity to Request Amendment of
 - 4) [APM 210-4](#): Instructions to Review Committees Which Advise on the Appointment, Merit Increase, Promotion, Career Status Actions for Members of Librarian Series
- b. The principle embodied in these documents is that the individual should have the opportunity to be informed about the **content** of the personnel review file, including:

At the department level

- 1) The right of access to all non-confidential records and to receive automatically a redacted copy of confidential academic review records in the file;
- 2) The right to comment on the file; and subsequently:
- 3) The right to have access, upon request, to records in the file as augmented during later stages of the review.

Definitions of documents used in librarians' academic reviews:

1. Non-confidential academic review records:
 - a) The written evaluations - RI evaluation and any Secondary Evaluations.
 - b) The Review Initiator's recommendation.
 - c) The report of CAPA-L and/or the Ad Hoc Committee (with signatures redacted).
 - d) The VPAP's decision on contested files, as applicable
 - e) The UL's final letter.
2. Confidential academic review records:
 - a. External evaluations: Letters of evaluation received by the University with the understanding that the identity of the author will be held in confidence to the extent permissible by law.

- b. Information placed in the personnel review file that provides reference to the scholarly credentials of individuals who have submitted letters of evaluation or their relationship to the Candidate.

Access by the individual

1. All documents other than confidential academic review records shall be accessible to the individual to whom the record pertains. Confidential academic review records shall be accessible, upon request, in **redacted** form. Records shall be redacted as follows:
 - a. External referees: The removal of identifying information (including name, title, institutional affiliation and relationship to the Candidate) contained at the top of the letterhead or within and below the signature block of the letter of evaluation. **The full text of the body of the letter is available to the individual.**
 - b. CAPA-L and Ad Hoc Committee reports: The removal of all names and signatures of the CAPA-L and Ad Hoc committee members. **The full text of the report is available to the individual.**

APPENDIX VII—GUIDELINES AND EXPECTATIONS FOR MERIT INCREASES

Evaluation Guidelines and Expectations

- I. A Candidate who receives a positive review, which is predicated on a demonstration of high achievement and excellent performance, can expect an action of merit increase. Typically, a positive review results in a merit increase of two salary points on the applicable scale for Assistant and Associate Librarian ranks, and three salary points on the applicable scale at the Librarian rank. An individual who is promoted typically will receive an increase of two salary points above their previous salary at the Assistant Librarian rank, and three points above their previous salary at the Associate Librarian rank. The University is not precluded from granting merit increases of a greater number of points. (Summarized from *MOU Article 13.D.1*).
- II. In accordance with *MOU Article 4.C* and [APM 360-10](#), a Candidate for a merit increase or promotion is evaluated on the basis of the first of the following criteria, and, to the extent they are relevant, on one or more of the last three:
 - A. Professional competence and quality of service within the library;
 - B. Professional activity outside the library;
 - C. University and public service; and
 - D. Research and other creative activity.
- III. Reasonable flexibility is exercised in weighing the comparative relevance of these criteria. If a librarian has assumed new responsibilities in Criterion A but not relinquished other responsibilities (often due to staffing reductions), and the increased workload “made it difficult to sustain or expand activities in one or more of the other three criteria,” then “Candidates and Review Initiators should explicitly acknowledge constraints inhibiting outside professional activities, and other reviewers should demonstrate requisite flexibility when evaluating professional activities beyond the primary assignment.” Everyone involved in the review process should also “give due weight to accomplishments that involved mastering new and enlarged responsibilities in the primary assignment and in system-wide activities.”¹
- IV. Further, the [APM](#) and MOU specify guidance relevant to Candidates and Review Initiators:

[APM 210-4 e \(3\)](#)

[Some portions of the APM text have been removed for brevity (...), and other text made **bold** to highlight relevant passages. See also equivalent text in MOU Article 4.C.]

1. The criteria as set forth in detail below are intended to serve as general guidelines and do not preclude consideration of other unique service to the University. In considering individual Candidates, reasonable flexibility is to be exercised in weighing the comparative relevance of these criteria.

- (a) Professional Competence and Quality of Service Within the Library — Although contribution in each of the following areas will vary considerably from person to person depending on each person’s primary functions as a librarian,....., **librarians should be judged on**

¹ Language excerpted from UC Berkeley’s 2012 document “[Peer Review Standards in a Time of Increased Workload](#).”

consistency of performance, grasp of library methods, command of their subjects, continued growth in their fields, judgment, leadership, originality, ability to work effectively with others, and ability to relate their functions to the more general goals of the library and the University. Evidence of effective service may include the opinions of professional colleagues, particularly those who work closely or continuously with the appointee; the opinions of faculty members, students, or other members of the University community

- (b) Professional Activity Outside the Library — A Candidate's **professional commitment and contribution to the library profession** should be evaluated by taking account of such activities as the following: membership and activity in professional and scholarly organizations; participation in library and other professional meetings and conferences; consulting or similar service; outstanding achievement as evidenced by awards, fellowships, grants; teaching and lecturing; and editorial activity.
 - (c) University and Public Service — Recognition should be **given to those who participate effectively** in library-wide and University service (including serving on campus or University-wide administrative or academic committees), and in professional librarian services to the community, state, and nation.
 - (d) Research and Other Creative Activity — Research by practicing librarians has a growing importance as library, bibliographic, and information management activities become more demanding and complex. It is therefore appropriate to take it into account in measuring a librarian's professional development. **The evaluation of such research or other creative activity should be qualitative and not merely quantitative and should be made in comparison with the activity and quality appropriate to the Candidate's specialty. Note should be taken of continued and effective endeavor.** Reports, handbooks, manuals, and similar documents may be considered under this heading only if they present new ideas or incorporate research; otherwise, they should be regarded solely as evidence of professional service.
2. When applying the above guidelines, the Review Initiator should make the case for the Candidate by discussing specific evidence that speaks to superior performance, including such parameters as:
- 1) Effectiveness
 - 2) Quality
 - 3) Visibility
 - 4) Continued growth
 - 5) Measurable impact(s)
 - 6) Productivity
 - 7) Innovation

3. These parameters are merely provided here as examples of the dimensions of performance that should be taken into account. **Evaluators are not limited to only these features, nor are these parameters required.**

Guidelines for Recommendation of Additional Salary Points

- 1) When a Candidate receives a positive review, the recommended merit increase may include additional salary points beyond the minimum levels described in the [MOU](#) (Articles 4.E.(a).b and 13).
- 2) The recommendation of additional salary points is directly related to the degree of achievement greater than expected for normal advancement and should be reserved only for cases of unusual performance or exceptional contribution.
- 3) Sections of the [APM](#) discuss the possibility of accelerated advancement. While the UC Riverside Library no longer uses the term “acceleration,” the description in these documents of how to handle an accelerated action may provide some guidance as to when a recommendation of additional salary points is warranted. [Some portions have been removed for brevity (...), and other text made **bold** to stress importance.]
 - a. [APM 210-4.d\(2\)](#)
Assessment of Evidence: The review committee shall assess the adequacy of evidence submitted. If ... there is evidence of **unusual achievement and exceptional promise of continued growth**, the committee should not hesitate to endorse or propose a recommendation for accelerated advancement.
 - b. [APM 210-4.e\(2\)](#)
Accelerated promotion is possible **if achievement has been exceptional**. An appointee will be eligible for promotion only if there are **demonstrated superior professional skills and achievement**.
