Academic Systems – Introduction

The **Academic Personnel Office (APO)** manages the following academic systems that are critical in supporting the transactional, reporting, and operational needs of APO. In addition, they provide valuable data to support leadership and strategic activities, initiatives, and decision-making process.

Welcome, Daniel

Welcome to eFilePlus Academic Personnel System

Manage My eFile | Data Entry Assistants | Awaiting Review⁵

eFile serves as a living academic record. It is an ongoing file that can be easily accessed by faculty members to enter/update their own data in [eFile](#) as their academic career progresses. This helps to ensure that a faculty member will have the most up-to-date academic personal record.

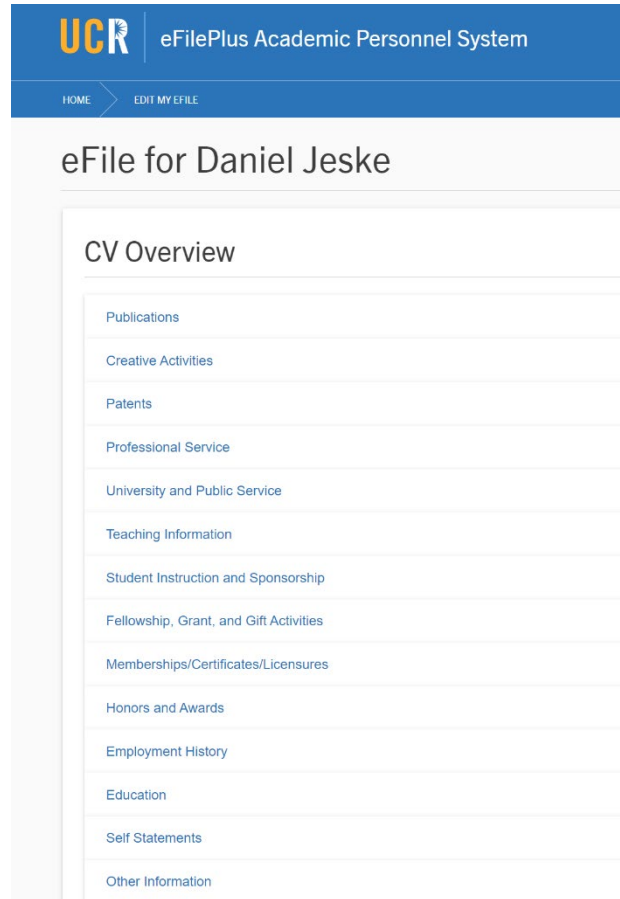

Faculty can also assign a [Data Entry Assistant](#) to help with eFile updates.

[Awaiting Review](#) is available for faculty members who have a role assigned to make a recommendation or approve a file.

The screenshot shows the eFilePlus Academic Personnel System interface. At the top, there is a blue header with the UCR logo and the text "eFilePlus Academic Personnel System". Below the header, there are navigation links for "HOME" and "EDIT MY EFILE". The main content area is titled "eFile for Daniel Jeske" and features a "CV Overview" section. This section contains a list of categories for the CV, including: Publications, Creative Activities, Patents, Professional Service, University and Public Service, Teaching Information, Student Instruction and Sponsorship, Fellowship, Grant, and Gift Activities, Memberships/Certificates/Licensures, Honors and Awards, Employment History, Education, Self Statements, and Other Information.

- ✓ Enter your new accomplishments and update frequently
- ✓ Keeping your records current will help simplify the creation of a review file

eFilePlus Academic Personnel System

UCR's Academic Personnel eFilePlus System (formerly eFile) is a secure, online academic review management system that supports the personnel actions for appointment and advancement.

The system provides a standard, paperless process for academic reviews. Some of the features and benefits include:

- A stable, secure, and easily accessible online application
- A database where faculty and/or AP staff in the departments can quickly modify and add records as the faculty member's file is updated
- "Snapshots" for academic actions (Merits, Promotions, Career Reviews, Appraisals, etc.) can be generated using the existing records in the faculty member's database
- An academic review file "snapshot" can be routed using a shared governance workflow technology, from snapshot creation to reviews to a final decision.

To log in to the eFilePlus System, click on this link: <https://efileplus.ucr.edu> .

Recommended operating systems: Microsoft Windows 8.1+ or Apple Mac OS X 10+; eFilePlus' responsive design is compatible with up-to-date mobile devices.

Supported browsers: Automatic updates are always recommended to ensure a secure and modern browsing experience, as certain technologies may lead to a degraded or otherwise suboptimal browsing experience. Each of the latest browsers are supported along with backwards compatibility for one full version still supported by the vendor: Google Chrome, Mozilla Firefox, Apple Safari, Microsoft Edge.

UCR login credentials and eFilePlus role are required to access the system. For more information, click on this link: [eFilePlus: Managing and Assigning Roles](#) . For support, please contact your college/school subject matter expert ([click here](#)) or email efilesupport@ucr.edu.

Log in to OATS

UC OATS is an easy-to-use, web-based application through which university faculty members can report outside activities and income, in accordance with UCOP conflict of commitment policies. It employs a simple, yet interactive format that facilitates the collection of information about outside professional activities, and helps faculty understand the related policies.

The UC-wide Outside Activity Tracking System (OATS) initiative and implementation is a multi-campus Conflict of Commitment system that facilitates the collection, review, approval, and reporting of faculty outside professional activities for the eight adopter campuses.

University of California Outside Activity Tracking System or [UC OATS](#) and [APM-025](#), [APM-240](#), [APM-246](#), and [APM-671](#) University of California's Conflict of Commitment (CoC) policies.

Conflict of Commitment and Outside Professional Activities

The University encourages faculty to engage in outside activities that contribute to their respective professions and the community. A conflict of commitment occurs when the commitment to external activities, whether compensated or uncompensated, professional or non-professional, interferes with the successful performance of the faculty member's University obligations.

The UC Regents' Standing Order 103.1(b) states that faculty members shall not allow outside employment to interfere with primary University duties. Since some outside activities may raise the appearance of a conflict of commitment, the University has established specific guidelines for managing such activity. Academic Personnel Manual sections [025](#) [☞](#) (general campus faculty), [671](#) (Health Science Compensation Plan Faculty), [240](#) [☞](#) (Deans), and [246](#) [☞](#) (Faculty Administrators, 100% Time) clarifies a faculty member's commitment to the University and outlines reporting guidelines for outside professional activity. Each policy includes specific time limits for certain types of outside professional activities.

To comply with APM policy, UCR faculty must:

1. **Obtain Prior Approval for Category I** activities by
 - Completing an APM-025 Prior Approval Request OR an APM-671 Prior Approval Request using [UC OATS](#) [☞](#) and;
 - Submitting the request for approval following the campus routing instructions ([pdf](#)). For more information on supporting document requirements, refer to the **Category I Prior Approval Checklist** ([pdf](#)).
2. **Submitting an Annual Report** each fiscal year for Category I and/or Category II activities using [UC OATS](#) [☞](#).

AP Recruit

The Academic Personnel Recruit System (AP Recruit) is a part of the Academic Personnel Systems for the University of California, Riverside. AP Recruit is a secure online academic employment recruitment management system, supporting the entire recruitment workflow from creation of a recruitment plan, application, reference gathering, reviewing by the search committee, and, finally, selecting a hired candidate. In 2011, as part of the UC [Working Smarter Initiative](#), the University of California selected UCI's AP Recruit system for system-wide deployment at all ten (10) UC campuses.

The system provides a standard, paperless process for all academic searches. Some of the major features include:

- Applicants can manage and monitor their application progress
- References can log in and securely upload their letters of reference
- Recruit analysts can easily set up search plans for review and approval
- Faculty search committees can quickly review applicants
- Approvers can easily review and approve search plans, shortlists, and search reports
- Self-reported diversity data is available to the appropriate groups (roles)

More information about the UC Recruit System wide Initiative may be accessed on the [Recruit Project Site](#).

A copy of the campus announcement is available [here](#).

To login to the AP Recruit system, visit <https://aprecruit.ucr.edu/> after your department has granted you access.
