

The Negotiated Salary Trial Program (NSTP) allows eligible ladder-rank faculty (50% or more I&R) to contribute external funding resources toward their total University of California (UC) salary. The NSTP, like the well-established Health Sciences Compensation Plan (HSCP), allows faculty to utilize external fund sources to support a portion of their total compensation.

Important principles:

- 1) Each participating faculty member is required to generate the additional negotiated income.
- 2) Each participating faculty member maintains teaching and service activities commensurate with rank and department.
- 3) Additional compensation for a faculty member may not be at the expense of support of graduate students and postdocs. Rather, additional external funding must be obtained to support participation.

The deadline for submitting 2019-20 requests is listed below. No extensions of time to apply will be granted. All requests must be completed and signed electronically; no hard copies accepted.
