

EXTRAMURAL GRANT ACTIVITY FORMAT

John Doe

October 2000

AGENCY	TITLE	AWARD DATES*	PROJECT PERIOD	AMOUNT	PI STATUS	AWARD STATUS
NSF ¹	"The Role of the Educational Levels of Jurors in Deadlocked Panels"	1/94	2/94 – 1/98	\$90,000	PI	
	Other PI: I.M. Right, P.C. Tech & U.R. Wrong					
CRB ²	"A Strategy for Development of After School Programs for Grades 7-12"	1/96	7/96 – 6/99	\$80,000	PI	
	Other Investigators: None					

*Award Dates are optional.

For multi-investigator grants, provide the following information: dual PI status, number of co-PIs, names of co-PIs, UCR amount and amount to candidate.**

**For amount to candidate, this field can be a numeric value or N/A. If N/A is selected, include an explanation as to why it is not appropriate to enter an amount.

For example, institutional grants which would include grants received to purchase major equipment will not have dollar value and should have N/A. For an equipment purchase grant, the money doesn't come to the investigators - all of it goes to buy the equipment. In this case the UCR Amount will be N/A and the explanation would state: "Not Applicable, equipment grant."
